Perfect Symbiosis Between Wall Shelf, Box, and Separators: VS ADD® Board: Optimal Use of Space!

Birmingham, March 3, 2024. Vauth-Sagel not only stand for innovation. For most of their product lines, they stand for the ability to be combined. This also applies to VS ADD® Board and VS ADD® Box. Each stands alone, and together they stand for optimal functionality and design. The shelving system brings order to all aspects of life that people enjoy showcasing. Motto: "Everything on board, irrespective of where it's located."

VS ADD® Board is available in three width variants: no. 3, no. 5, and no. 7 wall shelves. When it comes to design language and dimensions, the design of VS ADD® Board is perfectly harmonized with the dimensions of VS ADD® Boxes. The length of the wall shelf is based on the box geometry in fixed modular increments. The result of this idea: Up to 100% utilization of the existing space. In other words, exactly three VS ADD® Boxes fit on the no. 3 shelf, five fit on the no. 5 shelf, and seven modules fit on the no. 7 shelf. VS ADD® Board is the universal design shelf for all living spaces. Whether it's a tea tin from India, spices from Asia, or the family Christmas photo – everything is visible and presented in a tidy manner. Vauth-Sagel also applies high design and quality standards to all of their developments. The powder-coated steel and minimalist design language make these organizing elements a genuine dream team. The welding and connecting elements are hidden.

"Our focus is on people and their preferences," said CEO Claus Sagel to describe the activities of Vauth-Sagel in a nutshell. "Our products combine functionality, design, and convenience. The VS ADD® Board system satisfies these requirements perfectly."

VAUTH-SAGEL:

Contemporary, innovative storage solutions. This has been the core business of Vauth-Sagel for over 60 years. When it comes to all of its system components, the owner-operated family company focuses on people's desire for as much convenience as possible. The development, production and sales divisions are guided by this desire – every day. The company transferred its core expertise in the kitchen and furniture industry to modern living components long ago. And this motivates its 1,000 employees to manufacture over 85 million products with the "Made in Germany" quality hallmark every year. Alongside many years of expertise in a wide range of materials, other characteristics ensure that Vauth-Sagel customers worldwide are a decisive step
