Flexible and functional

VS ADD® Separator: Perfect for more organisation

Birmingham, March 3, 2024. **The VS ADD® Separator from Vauth-Sagel is a small yet pioneering solution for organising wall and base units and establishing order. Unlike conventional “junk drawers”, the VS ADD® Separator enables the custom division of the objects in the ESSENTIO and PLANERO® design shelves. Thanks to its infinite adjustability, the product from Vauth-Sagel offers unlimited options in the kitchen and housekeeping areas. Two integrated magnets ensure secure adhesion to the metallic rails, and the rubber coating on the inside reduces noise and avoids scratches on the surface.**

“This innovation emerged from our universal daily experience and the basic need for order. Functional, practical and designed for flexible use – it’s simply smart,” said CEO Claus Sagel of Vauth-Sagel.

VS ADD® Separator is a magnet for order. With it, all desired objects are perfectly positioned for more tidiness in the room – irrespective of which room. The system can be installed in a number of ways, adheres to all metallic surfaces and has the same thin wall quality and material as the PLANERO® and ESSENTIO shelf variants. VS ADD® Separator is a seamless visual addition to these design lines. After all, the same materiality of powdered steel sheet and the optimally coordinated, streamlined design supports their perfect interplay. The finishing touch: In combination with the VS ADD® Board and VS ADD® Box organising elements, VS ADD® Separator brings smart order to all areas of the home.

VAUTH-SAGEL:

Contemporary, innovative storage solutions. This has been the core business of Vauth-Sagel for over 60 years. When it comes to all of its system components, the owner-operated family company focuses on people’s desire for as much convenience as possible. The development, production and sales divisions are guided by this desire – every day. The company transferred its core expertise in the kitchen and furniture industry to modern living components long ago. And this motivates its 1,000 employees to manufacture over 85 million products with the “Made in Germany” quality hallmark every year. Alongside many years of expertise in a wide range of materials, other characteristics ensure that Vauth-Sagel customers worldwide are a decisive step ahead: “Creating high-quality system solutions for living spaces. For all people” – this
