New Design Line Seamlessly Blends Classic Wood Aesthetics and Modern Design for the North American Market

Vauth-Sagel Unveils 'Ligano': A Tribute to Traditional American Kitchens

Las Vegas, February 27, 2024. With the launch of "Ligano," their latest design line tailored for the North American market, VAUTH-SAGEL enters a tradition-driven market environment. This new line combines a classic wood look with subtle metal accents, offering both a timeless design upgrade and a touch of modernity. The technology seamlessly integrates into the background, while the portfolio addresses the specific construction-related requirements of the U.S. market in terms of dimensions and design, catering to both face frame and frameless cabinet construction. "Ligano" not only provides storage solutions for traditional and modern American kitchens but also introduces high-quality inner compartment technology and a uniform veneer appearance.

"At VAUTH-SAGEL, we think in markets and not in borders. We are always oriented towards the needs of the markets in which we are active, and the North American market is one of our core markets," said CEO Claus Sagel. "The new design line 'Ligano' is a perfect supplement for the North American market segment. We are proud to offer a design line that respects the preferences and needs of our customers while giving them a modern interpretation."

Adding a modern touch to the maple and birch plywoods used for "Ligano" is achieved through subtle metal accents in VAUTH-SAGEL colors, lava or silver, compatible with all face frame and frameless structures. These additions provide easy plug & play unlocking of the floor-mounted products. The flexible inner compartment technology of VS SUB® & VS TAL® Pantry, along with 3D front adjustment for all products with front connection, ensures easy and customized adaptation to user needs.

"Ligano" is available for nine different VAUTH-SAGEL products, including the VS SUB® Rack LIGANO, VS SUB® Pantry LIGANO, VS ENVI® BMT LIGANO, and VS COR® Susan LIGANO, each offering unique functionalities while maintaining a cohesive design.

VS SUB® Rack LIGANO

This base unit offers an easy, flexible option for storing kitchen utensils. VS SUB® Rack LIGANO features both easy installation and adaptable shelves. The unique

stabiliser of the rack provides stability and support at the top thanks to its flexible and easy-to-install adjustability.

VS SUB® Pantry LIGANO

This elegant pantry system equipped with Ligano wooden shelves harmonises perfectly with any traditional kitchen. The floor-mounted system is fitted with a cushioned self-closing mechanism that enables gentle and quiet closing of the runners. The shelves can be easily removed without the need for tools. The system is flexible and adaptable to the individual needs and requirements of kitchens. With the VS Pantry Flex modules that are compatible with VS TAL® Pantry and VS SUB® Pantry, there are diverse options for customised configurations. Warehousing costs can also be reduced.

VS ENVI® BMT LIGANO

With this waste system, VAUTH-SAGEL unite sustainability and design in a unique way. VS ENVI® BMT (**B**ottom-**M**ount **T**rash) LIGANO creates a uniform, harmonious look on the inside of the units. The waste system is supplied pre-assembled and can be installed on the guides without the need for tools, making installation fast and easy. The waste bins are made from environmentally friendly plastic and are 100% recyclable. This is a further step in designing our products and processes to be more sustainable.

VS COR® Susan LIGANO

This product is a classic lazy Susan solution. The system features unique wooden shelves with a diagonal contour based on the VAUTH-SAGEL corporate design. At the same time, they are used as a handy gripping element and enable a clear view of the contents of the unit. The shelves are easy to clean and have a high contour at the back to ensure reliable protection against tipping.

The following products are also available in the LIGANO design: VS COR® Flex, VS TAL® Pantry, VS SUB® Side, VS TOP® Down

VAUTH-SAGEL:

Contemporary, innovative storage solutions. This has been the core business of Vauth-Sagel for over 60 years. When it comes to all of its system components, the owner-operated family company focuses on people's desire for as much convenience as possible. The development, production and sales divisions are guided by this desire – every day. The company transferred its core expertise in the kitchen and furniture industry to modern living components long ago. And this motivates its 1,000 employees to manufacture over 85 million products with the “Made in Germany” quality hallmark every year. Alongside many years of expertise in a wide range of materials, other characteristics ensure that Vauth-Sagel customers worldwide are a decisive step ahead: “Creating high-quality system solutions for living spaces. For all people” – this promise is based on pioneering ideas for product design and features. This is Vauth-Sagel!
